Subject: Re: Tank Car Corporation Property - Oreland, PA

So sorry!

I totally forgot to call. I will later today.

Myles

Hi Liz,

Can I have your # to give you a call?

I have answers to your questions, but talking through them will be significantly easier (and beneficial, I believe)

Thanks!

Myles

Dear Mr. Bartos:

I'm seeking some information regarding the Tank Car Corporation of America's property at 1725 Walnut Ave. in Oreland, PA, which was part of an EPA-funded cleanup 2007 - 2011.

I found documents online related to the site

here: http://loggerhead.epa.gov/arweb/public/search_results.jsp?siteid=PAN000306553# and

here: http://www.epaossc.org/site/doc_list.aspx?site_id=2694. However, I was not able to locate a document containing a "final report" on the property. Does one exist? Does the EPA typically "sign off" on a property and declare a site usable land for any and all purposes, or is there something issued that advises the owner/potential developer on the recommended allowable future uses?

Also, I see that no documents had been added to the EPAOSC site for two years until the addition of three maps in July of 2013. Could you tell me what prompted that?

Thank you in advance for your help.

Best regards,

Liz Scott
Oreland, PA
